

## Department objectives to be identified

To achieve its Vision and Mission of the Institution, the Department will make efforts to improve:

- Academic standard by implementation of online courses in Zoology such as MOOCS (Massive Open Online Courses) and Smart classrooms and revision of syllabi.
- Research outcome by publishing good quality of research papers in recognised journals. The faculty members will apply for research grants from different funding agencies.
- Course employability by revising syllabi as per the need of industries and institution.
- Inclusiveness and social impact by organizing outreach programmes for social awareness.
- Extension and collaboration by organizing invited lectures, seminars, conferences and workshops. The faculty members will collaborate with co-supervisor and investigators of other department and institutions.zx
